# REQUEST FOR CONTINUED EXAMINATION (RCE) TRANSMITTAL

Address to:  
Commissioner for Patents  
Box RCE  
Washington DC 20231

Application Number

09/990,330

Filing Date

November 21, 2001

First Named Inventor

James D. Beasom

Art Unit

2814-

Examiner Name

Howard Weiss

Attorney Docket Number

125.009US01

This is a Request for Continued Examination (RCE) under 37 CFR 1.114 of the above-identified application. Request for Continued Examination (RCE) practice under 37 CFR 1.114 does not apply to any utility or plant application filed prior to June 8, 1995, or to any design application. See Instruction Sheet for RCEs (not to be submitted to the USPTO) on page 2.

## 1. Submission required under 37 CFR 1.114

### a. Previously submitted

- i.  Consider the amendment(s)/reply under 37 CFR 1.116 previously filed on \_\_\_\_\_  
(Any unentered amendment(s) referred to above will be entered).
- ii.  Consider the arguments in the Appeal Brief or Reply Brief previously filed on \_\_\_\_\_
- iii.  Other Copy of Supplemental Information Disclosure Statement, Form 1449, copy of International Search Report, and copies of 5 documents previously filed on May 19, 2003 (Exhibit A); Communication Regarding Uninitiated 1449 previously filed on September 22, 2003 (Exhibit B)

### b. Enclosed

- |  |   |
|--|---|
| i. <input type="checkbox"/> Amendment/Response ( <u>  </u> pgs.) | iii. <input type="checkbox"/> Information Disclosure Statement (IDS)                                    |
| ii. <input type="checkbox"/> Affidavit(s)/Declaration(s)         | iv. <input checked="" type="checkbox"/> Other: Second Communication Regarding Uninitiated 1449 (3 pgs.) |

## 2. Miscellaneous

- a.  Suspension of action on the above-identified application is requested under 37 CFR 1.103(c) for a period of \_\_\_\_\_ months. (Period of suspension shall not exceed 3 months; Fee under 37 CFR 1.17(i) required)
- b.  Other \_\_\_\_\_

## 3. Fees

The RCE fee under 37 CFR 1.17(e) is required by 37 CFR 1.114 when the RCE is filed.

- a.  The Director is hereby authorized to charge any additional fees, or credit any overpayments, to Deposit Account No. 502432

- i.  RCE fee of \$770.00 required under 37 CFR 1.17(e)
- ii.  One-Month Extension of time fee of \$110.00 (37 CFR 1.136 and 1.17)
- iii.  Other: Petition Fee of \$130.00

- b.  Payment by credit card for \$ 770 is enclosed for the RCE fee.

- c.  Payment by credit card (Form PTO-2038 enclosed)

**WARNING: Information on this form may become public. Credit card information should not be included on this form. Provide credit card information and authorization on PTO-2038.**

## SIGNATURE OF APPLICANT, ATTORNEY, OR AGENT REQUIRED

Name (Print/Type)	Scott V. Lundeberg	Registration No. (Attorney/Agent)	41,958
Signature			
Date	October 8, 2003		

## CERTIFICATE OF MAILING OR TRANSMISSION

I hereby certify that this correspondence is being mailed to the United States Patent and Trademark Office via first class mail addressed to: Mail Stop RCE, Commissioner For Patents, P.O. Box 1450, Alexandria, VA 22313-1450, on the date shown below:

Name (Print/Type)	Jane E. Sagers	Date	October 8, 2003

SECOND  
COMMUNICATION  
REGARDING  
UNINITIALED 1449

Title: A LATERAL MOSFET STRUCTURE OF AN INTEGRATED CIRCUIT HAVING  
SEPARATED DEVICE REGIONS

Mail Stop Box RCE  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Applicant submitted a Supplemental Information Disclosure Statement, Form 1449 and copies of 5 references on May 16, 2003 in the above-referenced patent application. Subsequently, a Notice of Allowance, dated July 8, 2003, was issued. The notice of allowance did not include an initialized copy of the filed 1449. Ms. Bauer, paralegal with Fogg and Associates, discussed the omission in a telephone conversation on July 24, 2003 with Examiner Weiss. The Examiner indicated that he did not receive the Supplemental Information Disclosure Statement before allowing the case and requested that we wait a while to see if the Supplemental Information Disclosure Statement catches up with the file. Applicant waited approximately 2 months to see if a "match-up" occurred, which it did not. Applicant re-filed the Supplemental Information Disclosure Statement along with a copy of the return-receipt postcard on September 18, 2003. Ms. Bauer, spoke to Examiner Weiss on October 7, 2003 to find out whether or not he had received either of these filings and was again told that there was no record of these being received by the U.S. Patent and Trademark Office. Examiner Weiss advised us to go ahead and pay the issue fee and that he would order the file to review the 1449. Applicant's representative was not comfortable paying the issue fee without an initialized 1449, therefore, had no other choice but to file an RCE to get the art reviewed. Attached please find a copy of the following documents as outlined below:

**COMMUNICATION**

Serial No. 09/990,330

Title: A LATERAL MOSFET STRUCTURE OF AN INTEGRATED CIRCUIT HAVING SEPARATED DEVICE REGIONS

Attorney Docket No. 125.009US01

EX-2

**EXHIBIT A:** Supplemental Information Disclosure Statement originally filed on May 16, 2003.

- (1) A copy of the return-receipt postcard listing the Supplemental Information Disclosure Statement, Form 1449, copy of International Search Report, and copies of 5 documents, which is date-stamped as being received by the U.S. Patent Office (OIPE) on May 19, 2003;
- (2) The transmittal form accompanying same;
- (3) Supplemental Information Disclosure Statement as filed;
- (4) Form 1449 as filed; and
- (5) Copies of 5 documents.

**EXHIBIT B:** Re-filing of the Supplemental Information Disclosure Statement on September 18, 2003.

- (1) A copy of the return-receipt postcard listing the Communication Regarding Uninitialized 1449 and Exhibit A above, which is date-stamped as being received by the U.S. Patent Office (OIPE) on September 22, 2003.
- (2) Communication Regarding Uninitialized 1559;
- (3) The transmittal form accompanying same;
- (4) Supplemental Information Disclosure Statement as filed;
- (5) Form 1449 as filed.
- (6) Copies of 5 documents [see Exhibit A No. (5)]

Applicant respectfully requests that this Supplemental Information Disclosure Statement, as filed on May 16, 2003, be entered and the documents listed on the attached Form 1449 be considered by the Examiner and made of record. Pursuant to the provisions of MPEP §609, Applicant requests that a copy of the 1449 form, initialed as being considered by the Examiner, be returned to the Applicant.

It is believed that no fee is due; however, should fees be required, the Commissioner for Patents is hereby authorized to charge any additional fees or credit any overpayments to Deposit Account No. 502432.

In compliance with 37 C.F.R. §§ 1.56 and 1.97, *et seq.*, the enclosed materials are brought to the attention of the Examiner for consideration in connection with the above-identified Application. Applicant respectfully requests that this Supplemental Information Disclosure Statement be entered and the references listed on the attached Form 1449 be considered by the Examiner and made of record. Pursuant to MPEP §609, Applicant further requests that the Examiner initial next to each reference on the Form 1449 to indicate that the listed references have been considered. Applicant further requests that a copy of the initialed Form 1449 be returned with the next official communication.

The enclosed references were recently cited in a communication in a counterpart foreign application. A copy of the International Search Report is enclosed herewith.

The Examiner is invited to contact the Applicant's Representative at the below-listed telephone number if there are any questions regarding this communication.

**CERTIFICATION UNDER 37 CFR 1.97(e)(1)**

The undersigned attorney hereby certifies that each item of information contained in this Supplemental Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign application as indicated above, not

**COMMUNICATION  
REGARDING  
UNINITIALED 1449**

Title: A LATERAL MOSFET STRUCTURE OF AN INTEGRATED CIRCUIT HAVING  
SEPARATED DEVICE REGIONS

Mail Stop AF  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Applicant submitted a Supplemental Information Disclosure Statement, Form 1449 and copies of 5 references on May 16, 2003 in the above-referenced patent application. Subsequently, a Notice of Allowance, dated July 8, 2003, was issued. The notice of allowance did not include an initialized copy of the filed 1449. Ms. Bauer, paralegal with Fogg and Associates, discussed the omission in a telephone conversation on July 24, 2003 with Examiner Weiss. The Examiner indicated that he did not receive the Supplemental Information Disclosure Statement before allowing the case and requested that we wait a while to see if the Supplemental Information Disclosure Statement catches up with the file. Applicant has waited approximately 2 months and has received no word that this match-up has occurred. Applicant has decided to refile the Supplemental Information Disclosure Statement along with a copy of the mail receipt.

Therefore, submitted herewith is a copy of the below-identified documents as originally filed on May 16, 2003 and identified as Exhibit A:

- (1) A copy of the return-receipt postcard listing the Supplemental Information Disclosure Statement, Form 1449, copy of International Search Report, and copies of 5 documents, which is date-stamped as being received by the U.S. Patent Office (OIPE) on May 19, 2003;
- (2) The transmittal form accompanying same;
- (3) Supplemental Information Disclosure Statement as filed;

Attorney Docket No. 125.009US01

- (4) Form 1449 as filed; and
- (5) Copies of 5 documents.

Applicant respectfully requests that this Supplemental Information Disclosure Statement be entered and the documents listed on the attached Form 1449 be considered by the Examiner and made of record. Pursuant to the provisions of MPEP §609, Applicant requests that a copy of the 1449 form, initialed as being considered by the Examiner, be returned to the Applicant with as soon as possible and before the Issue Fee is due on October 8, 2003.

It is believed that no fee is due; however, should fees be required, the Commissioner for Patents is hereby authorized to charge any additional fees or credit any overpayments to Deposit Account No. 502432.

The Examiner is invited to contact the Applicant's representative at the below-listed telephone number if there are any questions regarding this communication.

(54) A lateral insulated gate field effect transistor and a method of manufacture

(57) A transistor has a semiconductor body (1) having a first region (2) of one conductivity type adjacent a surface of the semiconductor body (1), source and drain regions (3 and 4) of the opposite conductivity type are formed spaced-apart within the first region (2) adjacent the given surface, a lowly doped extension region (5) extends beneath an insulating layer (6) on the given surface from the drain region (4) towards the source region (3), an insulated gate (7) is provided on the given surface (1a) for defining a gateable connection of the source and drain regions (3 and 4), and a further region (10) of the opposite conductivity type is provided adjacent the given surface beneath the insulating layer (6) so as to adjoin the lowly doped extension region (5) remote from the drain region (4) to define a conduction channel area (1) between the source (3) and the further region (10) beneath the insulated gate (7) so that the gateable connection of the source and drain regions is provided between the source and further regions (3 and 10). In the manufacture of the transistor, the insulated gate (7) and insulating layer (6) are used as a mask for the introduction of the impurities to form the source, drain and further regions (3, 4 and 10). Two or more further regions may be provided between the source and drain. The invention may be applied to a lateral insulated gate bipolar transistor structure.

㉒ An electronic semiconductor device, in particular a silicon-gate field-effect MOS transistor, for high input voltages.

㉓ An electronic semiconductor device (1), in particular a silicon-gate field-effect MOS transistor obtained from a C MOS process and adapted for high input voltages, comprises a so-called Well pocket (3) having opposite doping from that of the semiconductor substrate (2) and inside which there are formed the source (4) and drain (5) zones of the transistor, as well as a layer (5a) with opposite doping from that of the Well pocket (3) and forming a side extension of the transistor drain (5) zone and being self-aligned to the gate oxide (6a) and covered with a layer of an isolating oxide (10). That layer (5a) is doped at a lower dopant concentration than that of the drain (5) zone, and the device (1) so made can also operate at significantly higher voltages than those applicable to other components of a circuit to which it is integrated.
